<https://grahamgrimaldi.com>

**SKILLS** | User experience, user interface design, web design, information architecture, wireframing, front-end development, rapid prototyping

**TOOLS** | Figma, Axure RP, Sketch, InVision, Adobe CS, HTML5, CSS, SASS/LESS

**EXPERIENCE** | **UX Designer** at Rediker Software Mar 2020 - Present

Worked remotely with agile teams to create new features, products, and improvements to Rediker's flagship Student Information System via usability testing, wireframing, high fidelity mockups, user flow charts

**Product Designer** at VoiceOps Feb 2018 - Mar 2020

Worked remotely with CEO, founders, and engineers in a very small startup to design and build new features through UX design processes and assisting front-end development

**UX Designer** at Primacy Feb 2017 - Aug 2017

Created wireframes, prototypes, user journey maps, and content audits in an agency setting to help foster an efficient and effective design process with each client

**UI/UX Designer** at TicketNetwork Jan 2015 - Feb 2017

Worked with product development teams to create new products, features, and re-designs of TicketNetwork's many consumer-facing products
